

Fig.1

Dear Customer,

The above symbol (Fig 1) on your Hanover Displays supplied products indicates that your used electrical and electronic equipment (WEEE) should not be mixed with general waste within the European Union.

It is displayed in the top right-hand corner of the label on your product. Please see circled in Red on the below example; (Fig 2)

Fig. 2

For the proper treatment, recovery and recycling of Hanover Displays electrical products, please ensure your product(s) is/are disposed of by a registered WEEE waste carrier. In accordance with EU legislation, penalties may be applicable for the incorrect disposal of WEEE marked products.

Metal work can be recycled by any licensed recycling facility.

For disposal in countries outside of the European Union;
This symbol is only valid in the European Union (EU). If you wish to discard of this product outside of the EU, please contact your local authorities and ask for the correct method of disposal.

Hanover Displays is committed to protecting the environment, and hopes that you will dispose of these products in a safe and environmentally friendly manner.
If you have any questions at all about the disposal of your product(s) please do not hesitate to contact a member of our Environmental team at environmental@hanoverdisplays.com
