

Job Reference:
Job Title: Quality Control Engineer

Reports to: Quality Control Manager

Closing Date (If applicable): N/A

Start Date:

Hanover Displays Limited is a worldwide, leading manufacturer of passenger information systems for the public transport industry. All design and development, and the majority of production, is carried out at our head office in Lewes, East Sussex.

We are proud to have a friendly open environment in our Quality department and are looking for a talented individual to join us at an exciting time of growth and technological & organisational change.

A competitive salary package is available, including contributory pension scheme, private medical insurance, company laptop, phone, all required tools and a minimum of 25 days holiday per annum. We offer a long service scheme with your holiday increasing to a maximum of 30 days per annum.

Brief Summary	<p>Hanover has enjoyed a significant increase in sales over the past 3 years which has directly impacted our Quality function. We are therefore looking for a talented Quality Control Engineer to join us at an exciting time of growth and technological change.</p> <p>This is a great opportunity for a versatile Quality Control Engineer who is proficient in Quality Control to join our growing team.</p> <p>We are looking for an individual who is experienced in multitasking, data management, and who possesses strong communication skills to ensure collaboration with both internal and external stakeholders.</p> <p>Hanover's global sales are now £60m / year and our Quality team are integral to the continued success and growth of our business. The successful candidate will be committed to process enhancement, continuous improvement and customer satisfaction.</p>
Requirements	<ul style="list-style-type: none"> • To communicate with all staff in a courteous and clear manner. • To have an enthusiastic and positive approach to tasks and setbacks. • To have an organised and methodical approach to tasks. • To use own initiative and self-manage\prioritise your own workload. • To have a Team Approach and attend\ contribute to meetings and supplier\customer visits as required. • To be punctual in attendance & complete tasks by agreed deadlines. • To be flexible when required. • To maintain a tidy and organised workplace, and to ensure that tools, PPE and quality equipment supplied are looked after and used responsibly. • To follow all company policies & procedures including quality, environment, H&S and as stated in the staff handbook.
